

White Paper – XRP1B

Introduction

XRP1B is a meme altcoin with a community spirit, the soul of a unicorn, and rocket-level ambition.

Born on the BNB Chain blockchain, XRP1B aims to combine fun, financial freedom, and organic growth through the power of viral marketing and passionate holders.

More than just a token, XRP1B is a movement.

Vision

To take XRP1B to the moon — and along with it, thousands of small investors who have always dreamed of being early adopters of a promising crypto.

Mission

- Build an active and engaged community
 - Increase the number of real and committed holders
 - Popularize memes as a growth engine
 - Get listed on decentralized and later centralized exchanges
-
