

White Paper – XRP1B

Introduction

XRP1B is a meme altcoin with a community spirit, the soul of a unicorn , and rocket-fueled ambition . Born on the *BNB Chain* blockchain, XRP1B aims to unite fun, financial freedom, and organic growth through the power of viral marketing and passionate holders.

More than just a token, XRP1B is a *movement*.

Vision

To take XRP1B to the moon and, along with it, *thousands of small investors*  who always dreamed of being early adopters of a promising crypto project.

Mission

- Build an active and engaged community around XRP1B
- Increase the number of real and committed holders
- Popularize the use of memes as a growth engine
- Get listed on decentralized exchanges and later centralized ones
- Promote crypto education and culture through rewards and gamification
